ISSUED SEMI-WEEKLY.

MASSILLON, OHIO, MONDAY, AUGUST 19, 1901

XL-NO 21

HIT BY A TOBOGGAN.

Jesse Hinder, aged 12, Seriously Hurt.

SKULL PROBABLY FRACTURED.

It is Thought That an Operation Will be Necessary-Accident Occured at Meyer's Lake, While the Child Was Bathing-Mother of the Boy Saw it Happen.

Mr. and Mrs. John L. Hinder, of 70 Jarvis avenue, bathing in Meyer's lake, at 6 o'clock Wednesday evening, was struck by a toboggan, which dashed down the incline with great force. Dr. Culbertson fears the child's skull is fractured, though the exact extent of his injuries it is impossible to determine.

The child was in the water when the accident occurred. He was at the foot of the slide, and did not see the toboggan. The injury inflicted is at the side of the head. The child was unconscious when carried from the lake. Dr. Culbertson fortunately was in the immediate vicinity. The boy partially regained consciousness. He was taken to the tent of a camper, where he was made comfortable till Rudy's ambulance arrived to convey him home.

The mother of the boy witnessed the accident from the bank. She was danger, and screamed loudly and waved her hands frantically to him, but could not attract his attention.

Mrs. Hinder says she felt a presentiment that calamity would result from her son's going into the water. She at first refused him permission to go bathing, but he begged so hard, sayno danger that at last she consented. with Louis Fritz, of this city. After the plunge into the water he began to swim easily. Mr. Fritz, an instant before the toboggan struck the child. saw the latter's danger, called to him and at the same time attempted to unconscious immediately after being association. Mr. Maier states that

The Hinder family has recently met with a series of misfortunes. A short time ago a younger brother of Jesso was badly bitten by a dog. Upon his recovery he became afflicted with a tumor, an operation being necessary for its removal. Another brother of the injured child now lies ill. Mr. Lake, who was recently drowned at Meyer's lake, was a consin of Mrs. Hinder.

The father of the boy was just start ing for the lake when word came that his son had been injured. Mrs. Hinder and the children were attending the picnic given by Faith Lutheran congregation, and he had arranged to join them in the evening. Mr. Hinder is a teamster, and employed by C. L. McLain & Company.

At 2 o'clock Thursday afternoon there was little change in the boy's condition. He is delirious much of the time. It is probable that an operation will be necessary.

John Shreve, the East Main street wall paper dealer, rode home with Hinder in the ambulance. Mr. Shreve, who played with the Massillon base ball team, turned an ankle in the second inning. When the game was over the ankle became so sore and swollen that it was impossible for him to walk. Dr. Culbertson found a very severe sprain.

CHIEF'S STATEMENT.

Why Lawrence's Appeal for Aid was in Vain.

"For fear that the citizens of North Lawrence and others may not understand why the Massillon fire department did not answer their appeal for aid on Tuesday evening," said Chief Burkle today, "I deem it best to make a statement on the subject. We received a call from a woman early in the evening, asking us to send our ap paratus up. We replied that inasmucl as the engine was at Fulton, we were ntterly unable to respond, but advised her to call up Wooster, Canton, or Orryille. The engine we would not allow to be taken over from Fulton inasmuch as we were certain that a trip over the rough road between the two towns would be disastrous to the apparatus, and that if it did get there it would be rendered unfit for use by the jolting it would receive. Otherwise we should have been speeding to North Lawrence's relief within ten minutes after the first call for as-

SHIPS ORDERED TO PANAMA.

Three Will Start Within Twenty-four Hours.

Washington, Aug. 17.—The navy department epxects to have the Machias, Ranger and the Iowa on the way to Panama within the next twenty-four hours. The Iowa reached San Francisco yesterday, and is being provisioned with the utmost haste. The Ranger is ready to start, but as she will require fifteen days to reach the isthmus the Iowa will be dispatched immediately.

Jesse Hinder, aged 12 Xears, son of Labor Day Committee Reports Today.

STREET CAR MEN'S CHARTER.

The Massillon-Canton Union Will Have Eighty Members, Twenty-One of Whom Will be Massillonians-The Tinners Are Talking of Organiz-

The picnic committee of the Trades and Labor Assembly is today arranging the Labor Day programme. The pienic, of course, will take place at Yingling's grove, and all kinds of refreshments will be served all day and a part of the night. There will be probably the first person to realize his contests of every description. There will also be dancing. The fireworks display in the evening promises to be the biggest and most magnificent thing of the kind the town has ever gazed upon. The parade will be a glittering feature. Business men, manuafeturers and others are being urged to participate. The members ing he could swim, and that there was of the various organizations will wear garments and carry some of the work The boy made one trip in a toboggan ing tools likely to suggest their trades. HAS SENT FOR CHARTER.

N. P. Maier, district organizer for the American Fderation of Labor, says that a permanent organization of street railway men will be effected next week. He has sent for a charter. of the Stark Electric Railway Comreach him. It was Mr. Fritz who res- All but one of the Massillon street car pany against Maudru and others, ened the boy, who sunk to the bottom men, it is said, have united with the came to a sensational end, on Thursthere will be about eighty in the union, | ing James Weaver,, one of the defendtwenty-one of whom will be residents ants, moved the discharge of the of this city. Trackmen, barn men and jury. As the grounds for his motion. repair men are eligible to membership he alleged that certain of the jurymen

IMPORTANT AMENDMENT.

It Will Be Presented at G. A R. Encampment.

St. Louis, Aug. 17.—At the thirty fifth annual encampment of the Grand Army of the Republic, to be held next month at Cleveland, a number of im portant amendments to the constitution will be presented for adoption. Among them is one amending a clause of the constitution by inserting the word "voluntarily," making it read 'No person shall be eligible to mem bership who has at any time voluntarily borne arms against the United

This amendment, which has been certified to by the department of Arkansas, is proposed to enable thousands of Southern men, loyal to the union, who were compelled to take up arms against the North, but, when the opportunity offered, escaped and enlisted in the Northern army, to become members of the Grand Army of the Republic.

TROUBLES IN ARMENIA.

Barbarous Kurds are Murdering and Pilloging.

London, Aug. 174.—A dispatch from Constantinople says that four hundred Kurds have been raiding Damizra district in Armenia. They have destroyed twelve villages, burning everything. Only young girls are spared, being carried off for harems, and all males are ruthlessly despatched.

James White, Bryantsville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. He had suf fered 6 years. Doctors failed to help him. Get DeWitt's, Accept no imitation. C. W. Cupples, 139 W. Tremont street; Rider & Snyder, 12 E. Main St.

Canton Men Narrowly Escape Death.

THE APPORTIONMENT OF FUNDS.

Sensational End of Appropriation Case Brought by Electric Railway Company—Deperate Attempt at Suicide by John Wank.

Canton, Aug. 15.-William Currie and Victor Kaufman, two of the men employed at the water works crib at Cleveland which was destroyed by fire Wednesday morning, were residents of this city. Currie was the first man to be rescued from the tunnel, and Kaufman was brought up last. He was unconscious when brought to the surface, and was not revived for several hours. Both Currie and Kaufman were employed at the local rolling mill until the recent strike, when they secured work at Cleveland.

The county auditor has completed his settlement sheet with the state, and a copy has been filed with the state auditor. The report shows the total amount of the half year's taxes collected with the amount due the state and what has been apportioned to various funds, school districts and corporations. The total amount collected for all purposes was \$420,970.82¶ Of this the state gets \$56,999.47. That which remains in the county treasury has been apportioned as follows: County fund, \$33,413.63; poor fund, \$3,931.03: children's home, \$2,948.27; bridge fund, \$31,447.92; election, \$3,-931.08; building fund, \$5,896.61; indigent soldiers' fund, \$4,913.81; county road, \$507.18; interest and debt fund, \$21,620.43; township funds, \$9,769.53; township school and special districts, \$117,248.23; township specials, \$5,102.88; city and village tax. \$113,237.89; workhouse, \$9,327.89; agricultural society, \$500. The dog tax amounted to \$175.14,

The jury in the appropriation cases tav, when Attorney Craine, represent as well as conductors and motormen. had conducted themselves indiscreetly, had discussed cases among them-The timers are talking of organiz- selves, told friends how they had votof the defendant, supporting the methe jury. A new one was drawn on Thursday afternoon composed of the following members: Jacob Grossman, Washington; J. K. McDowell, Jackson; Henry Baker, Canton; Orlando L. Reeves, Massillon; R.B. Schmuch, Osnaburg; Henry Kinsley. Lake: Silas A. Conrad, Massillon; Thomas Wilson, Alliance; George E. Hammon, Canton; William H. Cavnah, Canton; Daniel Lenker, Canton; Milton L. Harding, Canton; William H. McCammon, Canton; D. S. Austin, Marlboro; Henry Aumacher, Canton;

Charles Nester, Alliance. Work on the Canton-Akron electric railway is progressing rapidly, the only cause of delay being the bridge across the creek at Graham hill. The superintendent expects to have the rails laid from this city to New Berlin within three weeks. Citizens of New Berlin are considerably wrought up over the fact that the company is doing a great deal of cutting and filling in the little town. Cuts and fills penalty he has approved in the Philhave left some homes high and dry and others in a hollow, as compared to the road, and some of the citizens will have to either fill their lots and raise their houses, or lower their homes by making extensive cuts in order that they can become accommodated to the new grades established by the railway company.

The county commissioners have entered into contracts for the construction of two new culverts and an abutment. One of the culverts is in Perry township, near the David Murray farm, on the Massillon-Navarre road. and was awarded to William H. Vogt. Some work has already been done upon this job. The other culvert was located in Alliance, and the abutment near Justus.

William H. Hoover, of New Berlin, has notified the county ocumissioners that he would furnish a band free on the occasion of the annual pienic of the Fairmount orphans, at Meyer's lake on August 28. It is understood that Mr. Hoover has seenred the services of the New Berlin band,

Henry Snyder Seized with Heart Failure.

APPARENTLY IN GOOD HEALTH

Had Been in Massillon, Where He Visited His Daughters, the Misses Jennie and Julia Snyder-Said He Never Felt Better in His Life-Funeral Sunday.

Henry Snyder, aged 47 years, the father of Misses Julia and Jennie Snyder, of this city, died suddenly at the carrier, for the remainder. The his home, five miles southeast of the company tendered instead \$10 for each city, about 5 o'clock Thursday afternoon. He was attending to some duties about his farm, apparently in to the owner, but agreed to abide by the best of health, when seized with the decision of the attorney general heart failure. Mr. Snyder was in the in the matter. Mr. Knox holds that city Wednesday, and spent consider- when a clerk or carrier steals a regishouse restaurant. He said at that time that his health was excellent. He was a well built, powerful man, and had always been more free than the average person from the common ills. Funeral services will be held at the Sherman church at 10 o'clock Sunday. Mr. Snyder leaves a wife and

PLEADING FOR HER BROTHER.

Sentenced to Hang for Murdering a Filippino Girl.

Canton, Aug. 16, -Miss Nina Fouts, of Zanesville, was in this city on Thursday, to plead with President McKinley for the life of her brother, who is a soldier in the Philippines, under sentence of death for the murder of a native girl. She did not see the President in person, but she told her story to one of the secretaries and left hopeful that the case will be fully considered. The brother is Phineas T. Fouts, now of the Nineteenth Infantry, and formerly of the Tenth Volunteers. He was found guilty in Manila of murdering a Filippino girl and sentenced to hang. The President has already reviewed the case and approped the death sentence, which is believed to be the first death ippine service. Fonts, it is said, was enamored of the woman he killed and wanted to marry her. When she retused he killed her with a sword cane. Friends and relatives at home as well as comrades in the service believe that his mind was unbalanced when he committed the deed, which is en tirely at variance with his whole life. He was of a religious turn of mind, did not drink, and was regarded as a model young man, Influential residents of Zanesville have taken up the matter of having the sentence commuted, and all matter available is being laid before the President,

Renders Decisions.

THE LIABILITY OF BONDSMEN.

Ruling in the Case of Defaulting Letter Carriers - Legal | satisfactory wage scale is signed. Status of Chinese Merchants Admiral Schley Confers With His Counsel.

Washington, Aug. 17.—It was at first thought that the sessions of the Schley court of inquiry could be held in the large reception room adjoining the office of Secretary Long. but the officials concluded that the room lacked many of the coonveniences necessary for the court. There is no adjoining room into which the court could retire for executive sessions, and if the sessions were held there the public would have no opportunity of witnessing the proceedings, owing to the limited space. The department is considering the advisability of having the court sit in one of the large new buildings at the Washington navy yard, in the eastern end of the city. It is 50 by 200 feet, with two floors, and there would be ample room for the press and public. The attorney general has forwarded

to the postoffice department a decision that the government can collect from the bond of a postal clerk or carrier for money which he steals from a registered letter. The government is held to be under a moral obligation to recover and restore valuable mail to the owner when stolen by a government employe, and the surety company guaranteeing the employe is made liable to the amount of his bond. The decision was in the case of a letter carrier in New York city, who stole two letters containing over \$2,000. Of this the inspector recovered \$1,500 and called on the Fidelity and Deposit Company of Maryland, who bonded letter, on the ground that that was all that the government was liable for tered letter containing money he is responsible for the amount stolen: that under the guaranty of the bond, be violated such bond, and the surety company is held responsible under it contract for the amount of money stolen, provided it did not exceed the amount for which the bond was given. Attorney General Knox, in an opin-

ion rendered at the request of the secretary of the treasury, holds that i Chinaman may engage in the manufacture of goods for sale and still be considered a merchant in the sense in which that word is used in the treaty and laws relating to the exclusion of Chinese, where the mercantile part of the business, either wholly or in part, is the selling of goods so man ufactured. The case is that of a member of a firm at San Francisco engag ed in the manufacture and sale ci cigars, and the question is whether this Chinaman may be re-admitted into the United States as a returning merchant. The attorney general holds that he is entitled to admission. Mr. Knox has also held that all Chinese who have a right to be in the United States evidenced by valid certificates of residence or registration, are entitled to pass from the United States to the Hawaiian islands and to be protected while there by their registration certificate as they would be in any organized territory on the continental and integral domain of the United States. Mr. Knox specially limits his opinion to this one question, and does not pass upon their right to return to the United States. Rear Admiral Schley yesterday had

his first consultation with his counsel, Jeremiah M. Wilson, of this city; attorney General Kaynor, of Maryland, and Capt. James Parker, of New Jersey. Schley will go over every counsel and place them in possession of every fact pertinent to a complete understanding of the events of the campaign in controversy. He declines to talk about the case. He considers that the order of Secretary Long prehibiting officers of the navy from discassing any phase of it applies to him, as well as others, and he is obeying it literally.

P. T. Thomas, Sumterville, Ala.—"I was suffering from dyspepsia when 1 commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." TENNESSEE MINERS STRIKE.

Six Thousand Men Want an Advance.

Knoxville, Tenn., Aug. 17 -The miners and operators in District 19 are unable to agree on a scale and a strike will result. Six thousand men are employed and the present wage scale will expire August 31. The men want shorter hours and more pay. President How, of the United Mine Workers, says every mine will be closed at the end of the month unless a

Many are Affected by the Joliet Strike.

MORCAN'S CO-OPERATIVE PLAN.

Shares in the United States Steel Corporation to be Owned by Workman - Schwab Buys the Great Bethlehem Plant.

Pittsburg, Aug. 17 —Milwaukee votes today on joining the Amalgamated strike. If the vote is favorable on a strike, efforts will be renewed to get the Chicago men to reverse their decision to remain at work. Strong efforts are being made to make inroads in the Carnegie properties. The reports of secret work indicate that some success has already been made, and it is stated that a show of strength will be made Monday.

The National Galvanizing works at Versailles went out on strike yesterday. The galvanizing works employ about 200 men. The shutdown was precipitated by the action of about half the men, who declared they were afraid of the organized strikers and refused to stay at work. Every mill at McKeesport of the steel combine is now tied up. Strike leaders are confident that the men at Milwaukee will go cut. They believe that ultimately the Chicago men will quit work

JOLIET MILLS ALL CLOSED.

Three Hundred Furnacemen Yet at Work.

Joliet. Ill., Aug. 17.—With the ex ception of the blast furnaces, in which three hundred men are employed, every department of the big steel mills here was closed last night. The strike seems to have stimulated a desire for unionism throughout the mills. There was considerable talk yesterday among employes not in the Amalgamated Association favorable to the organization of new unions. When the 2,500 employes of the Hilinois Steel Company joined the ranks of the strikers today the streets took on a holiday appearance. All the Illinois steel mills are closed, except the blast furnaces. Those on strike there now are: Illinois Steel Company (various departments), 2,500 men; American Tinplate Company, 500; Pressed Steel Car Company, 500. By the closing down of the Illinois works, idleness, for lack of material, is almost certain to come upon the following within a week. American Steel & Wire Company, 2,000 men; Joliet stove works, 500; Phoenix Horseshoe Company, 500; miscellaneous, 200. Total 6,700.

SCHWAB BUYS A PLANT.

Will Employ Four Thousand Skilled Workman.

Bethlehem, Pa., Aug. 17.—The stockholders of the Bethlehem Iron Company voted almost unanimously to accept the price of \$7,500,000 offered by the Bethlehem Steel Company for the big steel and ordnance works here and an hour later the directors consummated the deal. The steel company, it is said, has a purchaser for the plant, and it is generally believed that this purchaser is Charles M. Schwab, president of the United States Steel Corporation, and it is also believed thing relating to the matter with his that he will buy the property of the Vickers-Maxim Company and the Cramp Shipbuilding Company. The works employ 4,000 skilled mechanics.

SYMPATHIZE WITH STRIKERS.

England Hopes to Profit by the Steel Strike.

London, Aug. 17.—Prior to sailing for New York today, Congressman Grosvenor said a deep interest was taken in England in the steel strike in America, and sympathy is mainly with the strikers. This is not on account of any good feeling for the men, but in hope that our industrial systems may be damaged and theirs thereby built up.

MONDAY, AUGUST 19, 1901.

Canada has good reasons for being disappointed in its census. Its total population is 5,300,000, an increase of only 9.7 per cent since 1890. The rate of growth is less than half that of the United States.

Senator Tillman will not be expected to make any campaign speeches in Ohio this fall. His declaration that negroes ought to be lynched have not advanced him in the estimation of Democratic managers as a drawing at-

Governor Nash enjoys the confidence of the people of Ohio by deserving it, and the Republicans of the state have every reason to believe that they can maintain the present effectiveness in all branches of the state administration.

As up to the present time Colonel Bryan has never lost an opportunity to open his mouth, it is strange that he has offered no burning thoughts on the strike situation. Are we never again to hear any of the good oldfashioned Populistic lingo about the dollar stained with crime?

Iowa and Maryland Republicans show that they are thoroughly united. Their conventions recently held were as harmonious as was the earlier convention in Ohio and the platforms adopted are in full accord with the principles of the party. There are no dissensions in Republican lines.

The St. Louis Globe-Democrat says that a thousand railway cars are needed to handle the peach crop in one county in southern Missouri and that apples in several orchards of the same state have been sold at the rate of nearly ninety dollars an acre. Missouri is carrying its eggs in several baskets this year.

Some of Navarre's citizens are going to celebrate the opening of traffic on the Navarre extension of the Canton-Massillon electric railway by holding a fair. Massillon citizens who don't feel like turning cart wheels at home upon that happy occasion can take a run down the line and share in the joyous observances of their Bethlehem township neighbors.

Word comes from St. Louis that Dr. R. J. Gatling, who invented the famous rapid-fire gun bearing his name, has turned his attention toward farm machinery and proposes to revolutionize existing agricultural methods. Dr. Gatling is the inventor of a motor plow which he asserts will accomplish from a comparative standpoint on the farm what his gun did on the field of battle. This is not exactly an examplification of the words of the prophet regarding the beating of swords into plowshares, but it is very much like it.

According to Consul General Skinner at Marseilles there will be a serious shortage in the French wheat crop and France will be obliged to look abroad during the coming year for 56,000,000 bushels, including 20,100000,000 of soft wheat required for the port of Marseilles, the most of which will certainly be forwarded from the United States. The importers hope of the war in South Africa, in anticithat the Americans will not force prices to a point that will abnormally strengthen competition from Russia. and anticipate that the business of with the names of the recipients. the year will be compared to that of 1898, when the French crop was also short and large quantities came in from the United States.

The commissioner of labor has issued his annual report, devoted to a discussion of the wages received by laborers, skilled and unskilled in different countries. The report on the question of wages and the hours of labor in certain crafts contains data covering a period of 175 years but in the great majority of instances the statistics refer only to the status during the past fifteen or twenty years, In nearly all the trades it has been found that the number of hours of labor required of the wage carner has decreased while the rate of wages, in the majority of cases, has increased, This is particularly noticeable in reference to the time of labor and the pay of skilled craftsmen in the Unit-

various factions of the Democracy in Rider & Snyder, 12 E. Main St. NewspaperARCHIVE®

the counties of Clark, Wood, Haneock, Butler, Union, Montgomery, Clermont, Erie, Cuyahoga, Hamilton Franklin and Seneca. There are number of other counties yet to be heard from but the spectacle already presented is sufficiently discouraging So Old Members of Milwaukee to dampen the campaign enthusiasm of the stoutest hearted Democrat.

According to a correspondent of the Chicago Record-Herald, the paternal government of Norway has a fund of money amounting to about \$500,000 which is loaned to farmers through the municipal officials to assist them in buying land. Such a proposition was advanced by the Populists of Kansas some years ago and did not meet with favor, but generally with ridicule. In Norway, however, it is actually in practice and small sums are loaned to industrious people at 3 per cent interest for a term of twentyfive years to enable them to acquire farms and improve not only themselves but the state.

As the American people long since settled the question concerning the retention of the Philippine islands, General McArthur's report containing the review of a year's work in the islands and the possibilities for the United State from an economic and military point of view in the development of the various forces of the archipelago make interesting and satisfactory reading. In the closing are, however, many conservative paragraph of the report General Mc-Arthur speaks of the part which our new possessions are to play in our national progress. He says:

"Under the pressure of economic necessity, the powers of the world are converging on Asia, and are actually face to face in North China. The possibility of a conflict between the tremendous forces involved must of necessity attract attention as a collision would affect the commerce of the

world.
"Although these questions open an illimitable scope for the imagination of the possibilities of the future, the present purpose is simply to establish a few plain premises upon which to base the unqualified assertion that peaceful possession of the Philippine archipelago by the United States is not only of paramount importance. but it is absolutely essential to the progressive development of American national interests.

"The power that holds these islands must of necessity, and from that fact alone, exert an active and a potential influence upon the affairs of Asia. The archipelago affords an ideal strategical position. It is the stepping stone to commanding influence, if not political, commercial and military supremacy in the east. In any event, it is a base from which American in terests can be effectively protected.

NOTES FROM ABROAD.

Marseilles, which has been trying for some time to be made a free port by an act of the legislature, now hopes to get President Loubet to gratify its desire by decree. The city's lawyers think they can prove that the executive power is competent to act

King Edward is rapidly doing away with many customs to which his mother was attached. Her Hindoo attendants were sent back to India as soon as the funeral was over, and now a stop has been put to the services in German in the German Chapel Royal which date back to the early Georges.

A whole Italian girl's boarding school has been imprisoned for smuggling at Maslianico on the Swiss frontier. The teachers were in the habit of taking the forty girls out on daily tramps in procession, walking two by two. The walks led so often over the horder that the custom house anthorities became suspicious, stopped and examined the young women, and found their clothes full of cigars, eigarettes and tobacco. They have figured out that they sninggled in \$30,000 worth of forbidden goods.

A year ago an American dollar in Brazil was worth approximately eight milreis. Owing to the recent appreciation of Brazilian money it is now worth only three and a half milries And as the American missionaries in Brazil are paid in American money they receive less than half as much Brazilian as formerly, while the pur chasing power of the money remains

The medal department of the British mint has been reinforced and now has a capacity for turning out 10,000 medals per week. During the last half of last year the preparation of military medals was pushed on "the bulk of those struck being on account pation of its early termination. " the end of the year 102,042 South African medals had been struck and issued to Woolwich to be engraved

TO DROWN DULL CARE.

The Hon John R. McLean's Cin cinnati Enquirer has given the people of Cincinnati the opportunity to decide by vote who are the five most popular barbers in that town. The happy five have been chosen, and this afternoon they are to engage in a shaving contest, for a prize of \$50, By such beneficent activities does Mr. McLean strive to forget the little disappointments of politics.—New York

Amalgamated Lodge

Assert.

THE MEN LIKELY TO GO OUT.

Sentiment In That Direction Seemed to Have Gained Ground-Many Conservative Members Against It. Meeting This Afternoon.

Milwaukee, Aug. 17.—The members of the Bay View lodge of the Amalgamated association this afternon will decide for a second time whether or rot they will obey the strike order of President Shaffer.

Michael F. Tighe, representing

President Shaffer, accompanied by W. C. Davis, vice president of the Fourth district of the Amalgamated associa-tion, reached Milwaukee yesterday afternoon, but not until late last night did he have a conference with President Redfern, of the local lodge, relative to the date of the meeting. The chances seem to favor a strike, the sentiment in that direction seeming to have gained strength since the men at Joliet decided to go out. There riembers of the Bay View lodge who favor emaining at work. There are men who have gone through strikes heretofore, and before another such step shall be taken the question will he weighed very carefully.

Should the men decide to remain at work and should Mr. Tighe revoke their charter, the matter will be taken to the next national convention for settlement. Old members of the association say that President Shaffer, in calling the strike, acted itlegally and violated the constitution, and further, that a charter cannot be revoked without a hearing before the district board.

SCHWAB TO ASSUME CONTROL. Wharton Don't Believe Steel Combine Will Get Bethlehem Plants.

Philadelphia, Aug. 17.—It was auhoritatively anonunced that within 10 days the control of the Bethlehem Steel company and the Bethlehem Iron company will be assumed by President Schwab, of the United States Steel corporation. Mr. Schwab holds an option on the stock of the companies at \$24 a share, which expires Aug. 26. More than 240,000 shares out of a total of 300,000 are now in the vaults of the Girard Trust company, which acts as trustee in the transaction.

Joseph Wharton, one of the princiral owners of the stock, said: "I do not think the United States Steel corporation will get control of the properties. Neither do I believe that the plants will go to the Vickers-Maxims-Cramps interests. I don't think Mr. Schwab himself is certain yet what he will do with the plants A capitalists often buys such properties without having anyone else waiting for them."

FOR EVANGELICAL WORK.

Presbyterian Committee to Meet Aug. 22-Pittsburger a Member.

Winona Lake, Ind., Aug. 17.-An important meeting of the Evangelistic committee, appointed at Philadelphia in May by the Presbyterian general assembly, will be held Aug. 22. This committee was appointed to formutate plans for holding evangelistic accents all over the United States. he commuttee includes some promiant evangelistic workers. Its chairmil is John B. Converse, of Philadelpairs. Other members of the committee are:

Rev. J. Wilbur Chapman, New York; Rev. W. J. Chichester, Chicago; Rev. S. S. Palmer, Columbus, O.; Pev. J. Balcom Shaw, New York; Rev. George P. Wilson, Washington, The lay members are James J. Buchanan, Pittsburg; E. A. K. Hackett, Fort Wayne, Ind.; John Willis Baer, Boston, and Charles S. Holt, Chicago.

COLOMBIAN MINISTER'S LEAVING

Charge Russell Telegraphed It Was Voluntary-Intends to Return.

Washington, Aug. 17.-The state department issued the following: The department of state is advised by a telegram from Mr. Russell, harge d'affaires in Venezuela, that the departure of the Colombian minister from Caracus was voluntary and that he has the intention of return-.ng to his post. Mr. Russell has taken charge of the Colombian legation property and archives during the tamister's absence. Mr. Russell does not state that he has assumed charge of Colombian interests, as he was authorized to do if requested and with the assent of the Venezuelan government. It is inferred that he has not leen asked to do so.

SAVED NEGRO FROM LYNCHING. Cov. Longino . garulated Militia on Their Work,

JOLIET A STRIKE CENTER.

Many Men Idle and Others May Be Rendered So Soon by the Strike.

Joliet, Ill., Aug. 17.—When the 2,500 employes of the Illinois Steel company, a constituent company of the United States Steel company, joined the ranks of the strikers the ttreets of this city took on a holiday appearance. All of the lifinois steel mills are closed except the blast furnaces. Those on strike in this city now are: Illinois Steel comp.ny (various departments), 2,500 men; American Tin Plate company, 500 men; Pressed Steel Car company, 500

By the closing down of the Illinois works, idleness, for lack of material, is almost certain to come upon the iollowing within a week: American Steel and Wire company, 2,000 men; Joliet stove works, 500 men; Phgenix Horseshoe company, 500 men; miscellaneous, 200 men.

While the strike leaders and company officials were equally reticent, it was stated by one of the latter that the furnace fires have not been drawn, in the hope of an early settlement.

General Superintendent Sheldon, of the Illinois Steel company, said plans are being made which probably will put a new phase on the situation. What these plans are he refused to

Samuel Adams, vice president of the Amalgamated association at Joliet. returned yesterday afternoon from Pittsburg, where he had been in coaference with President Shaffer. Adams at once issued a call for a joint conference of the four steel mill lodges this morning. He declined to tell the object of the meeting or to discuss the strike situation in any particular. It is reported that a movement is on to unionize all labor in the steel mills outside the Amalgamated association, bringing into the organization 1,000 skilled men not now in the union and all common laborers.

REFUSED TO LEAVE PLACES.

Vice President Pierce Successful In His Work at Duncansville.

Altoona, Pa., Aug. 17.-Vice President John Pierce, of the Amalgamated association, not satisfied with his attempt to organize the Duncansville mill of the American Steel Hoop company several weeks ago, visited Duncansville again, but on a different mission this time. He did not come to organize, but to ask the men not to go to places where the Amalgamated men are out and take their places. This, of course, most of the men agreed to do, since many of them own their own homes at Duncansville and work is plenty there, although the pay is a little less than at Pittsburg and vicinity.

Pierce also visited Hollidaysburg, where a number of Amalgamated men working, who quit the Duncansville mills after his first visit. These men will use their influence to keep the non-union men at Hollidaysburg from taking the strikers' places at other mills. Pierce left for Pittsburg.

HOOP EMPLOYES

DECLINED TO COFER. Youngstown, O., Aug. 17,-The em-

ployes of the American Steel Hoop company at the two mills here voted resented by Superintendent Mc-Coombs for an informal conference regarding the scale. The employes coted upon the advice of Vice President Ward, of the Amalgamated association, who held that if the company had any proposition to make it should be presented to President Shaffer. Officers of the company claim the men do not understand the situation. It is expected an effort will be city. made by the company to start its mills here next week.

THE STORM A FIERCE ONE.

Reports of Men Being Drowned In Mobile Bay, but Unable to Confirm Them.

Mobile, Ala., Aug. 17.-The tropical form which came up fom the south Wednesday and increased in force during the night following is believed to have been the severest in the vicinity of Mobile. Here the wind blew at the rate of 70 milesan hour for some time. Various reports of the downing of men in the bay have reached here, but it is impossible to confirm them, owing to the complete demolition of all means of communication.

The pleasure yacht Ariel, bound for Fish river with a party of Mobile pesp.e on board, is reported to have pounded to pieces on the wharf at Battles, on the eastern shore of the bay. Nothing has been heard of the Nothing had been heard from Fort

Morgan last night. Two companies of coast artillery are stationed there. The barracks undoubtedly received the full force of the blow.

No communication can be had with any of the islands in Mississippi Sound, just outside the bar, 40 miles below here. Any news concerning the fate of the islanders must come by boat, and this is anxiously awaited.

WILL PAY THOMPSON'S FINE.

Indianapolis Friends Determined He Shan't Go to Prison.

Indianapolis, Aug. 17.—The Indianapolis friends of Edward P. Thompson, former postmaster here and at Havana, Cuba, say they will pay his ine of \$400 rather than see him sent to prison. His frien's here have been in communication with other friends in Cuba for several months and say that whatever aid he may need will be given him there, at least temps raril when his filends here may be called on. The impression here is that Thomp

son's fine was intended by the government to be an object lesson to postmasters of Cuba as much as a pun will be remitted and he will be free to return home.

CLUB OVER CHINESE

Troops Still In Pekin Public Buildings--Not Wise to Leave,

UNTIL PROTOCOL IS SIGNED.

This the Opinion of the British Minister, Sir Ernest Satow, as Withdrawai Would Remove Chief Inducement to the Chinese to Sign.

Pekin, Aug. 17.-The troops of the powers have not yet evacuated the public buildings. The Eritish and Americans propose to occupy the Temple of Heaven and the Temple of Agriculture until their barracks are Cir Ernest Satow, the British min-

ister, thinks it would not be wise to withdraw before the protocol has been signed in conjunction with the Chinese plenipotentiaries, as "ithdrawal would remove the chief inaucement to the Chinese to sign. The Japanese still hold the north-

ern section of the city. It is considered significant of their relations with the Chinese that a Japanese colonel has been elected to command and organize the Chinese police. The opinion is growing that the court will refuse to return so long as

the powers maintain such large forces in the province of Chi Li. The protocol does not provide for the destruction of the forts, the ministers of the powers having failed to

TO KEEP FOREIGNERS OUT.

agree on this point.

Government Inspectors Watching For Alleged Trust Importations.

Washington, Aug. 17.-The report of Immigration Inspector Smiley, who went to Bellaire, O., to investigate the story that the United States Steel corporation was importing men from Canada to work in the mills of that town, is expected soon. Commissioner of Immigration Powderly said that he believed the report would show that no men had been imported.

"As soon as the Amalgamated association issued its strike order," said Mr. Powderly, "I sent explicit instruc-tions to collectors of the port to prevent any importations of mechanics for the purpose mentioned. There may have been some men taken to Bellaire from Pittsburg or McKeesrort, but I do not think there has been any violation of the immigration law.'

TEACHERS FELL IN LOVE.

60 Out of 400 Married When Transport Reached Honolulu.

Carbondale, Ill., Aug. 17.-Of the 400 American teachers who sailed on the transport Thomas from San Francisco to Manila, 60 of them, on reaching Honolulu, were married. The teachers had been chosen from many normal universities of the country and were strangers to each other. Their acquaintance and courtship exunanimously against a proposition tended over a period of less than 10 days. The captain of the Thomas refused

to permit their weddings while at sea, and the 30 couples, upon the arrival of the transport at Honolulu, sought out a clergyman and were married. A boat was chartered and the 30 pairs made a tour of the bay. The information reached this city from one of the men who was appointed from this

PUBLICLY REPRIMANDED.

Publishe's of London Globe Apologiza Before Commons.

London, Aug. 17.-In the house of commons G. E. Armstrong, editor of The Globe, and W. T. Madge, manager of that paper, attended the bar in the custody of the sergeant-atarms, in accordance with the summons of the house, for gross breach of the privileges of the house in accusing the Nationalist members of corruption, in connection with private bill legislation. Mr. Armstrong and Mr. Madge expressed regret at the appearance of the article and apologized to the house.

After a protest from John Redmond, the Nationalist leader, against the inadequacy of the apology, the offenders were asked if they were prepared to withdraw the allegations. This they did. The speaker then severely reprimanded the two newspaper men.

Swore Warrant For His Arrest.

Cleveland, Aug. 17.-State Building and Loan Inspector Mauck swore out warrant for the arrest of J. A. Blodt, late secretary of the Guarantee Savings and Loan association, upon the charge of embezzling funds from the latter institution. Blodt recently resigned his position in the bank as the result of an investigation by state officials.

Wesley Brinkman, a farmer, and George Shippiway, a hand employed by him, were killed at Paw Paw W. Va., by a train striking the wagon in which they were riding.

The members of Company I, of the Eighth Ohio national guard, have abandoned the pursuit of the Millersturg bank robbers, the thieves having successfully covered their tracks.

The Tyrone (Pa.) Iron company has announced a general advance of 10 per cent in wages to its 300 men, to take effect Sept. 1. A three-foot house snake fastened 'ts fangs in the skirt of Mrs. Susan

Berkey, a Mercer county, Pa., farmer's

wife, but was killed before harm was Three Killed; Two Fatally Hurt.

OLD FORT FIZZLE

ty's Revolt.

OPPOSED TO CONSCRIPTION.

A Reminiscence of the Dark Days of the Great Rebellion -Courage of the Copper of the Soldiers.

In a recent issue of the Pittsburg Dispatch, Leander Hostetter tells the story of famous Fort Fizzle, which was built just across the border of Stark county. Many of the readers of the armed opposition to the government's effort to collect the Holmes county quota of the draft of three hundred thousand. The writer says:

Fort Fizzle is a ruin crowning a range of commanding hills in Richpart of Holmes county, Ohio, and marks the site where the Holmes county secessionists took their stand to defy the execution of the draft or conscription law, passed March 3, 1863. The fort was named Fort Free dom by the hardy spirits who planned and built it, but someone called it Fort Fizzle in derision, and Fort Fizzle it has been for many years. It is an epithet of contempt to designate the failure of an enterprise.

The suothern part of Holmes county had been occupied in its early his tory by settlers from the Southern States. As the political clouds of ante-bellum days darkened the national horizon, these early settlers and their descendants either secretly sympathized with their brethren of the South or quietly departed for their native heath. When the war broke out and many thousands of Ohio's sons rushed to the front, many of them Holmes county neighbors these malcontents glowered in suller silence and awaited the opportunity when they might with impunity defy the national government.

On March 3 the national congres passed the famous conscription law which enrolled all the able-bodied citizens between the ages of 20 and 45, making them liable for military service. The following May, Presi dent Lincoln ordered a draft for 300, 000 men to fill the depleted ranks of the Union army. In the same month Vallandigham made one of his most intemperate speeches to an immense crowd at Mount Vernon, O., a nearby town in an adjoining county.

He condemned the policy of the government and demanded the right for all free men to say and do what they pleased, where they pleased and when they pleased. Within a week be was arrested, tried and condemned to exile. The Democracy in a frenzy nominated him for Governor and inangurated one of the most violent and bitter campaigns in the history of the nation. The rebel General, Lee, had already started North to invade Pennsylvania, "capture Philadelphia and New York City and dictate a peace at Boston."

The combination of these circum stances was the opportunity the Holmes county rebels sought. For months organization had been quietly going on. Companies were formed and drilled in the manual of arms at night among the neighboring hills. Arms and munitions of war were se cured and secreted in the neighborhood. At the height of the excite ment and national distress, when the eyes of the authorities were elsewhere, these people boldly seized the commanding eminence and crowned it with a frowning fort, building to right and left an extended breast work. The material of which the fortification was made was at hand, being strewn plentifully over the surround-

ing surface. The rebels removed thither with their families. Their arms and munitions of war were taken from their hiding places and stored within the fort. Picket lines were thrown out, a code of signals agreed upon and scouting parties were daily sent out to avoid surprise by an enemy.

Some days before the seizure of the hills, a government enrolling officer who had been sent into that part of the county preparatory to making the draft was seized, clubbed to insensibility and dragged for some distance and left for dead. Some good Samarwounds to be removed from the of safety and warned on pain of death eat and can't help but do you good, that he had a relapse soon after and street, Rider & Snyder, 12 East Main died of his wounds. where proper authority was wanting. Friends and enemies alike suffered. Grain houses were robbed, cattle were shot and carried off, buildings were burned, women were violated and threats of shooting were made if Story of Holmes Coun- any opposition was offered. The populace of the surrounding country which had given sympathy and covert aid now loudly complained and reported the state of affairs to the governor. Governor Tod, then governor of Ohio, issued a proclamation ordering them to disperse, sending at the same time a battalion of soldiers and a battery under the command of Colonel Wallace to carry out his order. When the soldiers came up the camp was deserted. All that remained to reward them for their trouble was an heads Gave Out on Approach abandoned cannon, a few worthless rifles and some spoiled provisions. The gallant rebels had quickly and quietly dispersed to their homes, leaving as few traces of their whereabouts as possible. A number of arrests were made, but afterward all save one of the indictments were nolled. The The Independent will remember the leader of the party, who had attacked excitement caused by its erection, and the enrolling officer, was sentenced to the speculations as to the result of prison, but at the close of the war was pardoned. The names of the leaders have been purposely omitted because many of the best and most loyal people of the county are descendants or otherwise closely related, and nothing would be gained by their menland township, in the southernmost tion. The sons of a number of them served their country gallantly during the Spanish-American war, and at least one found a grave under the sunny skies of Cuba while following

IRELAND'S CONTRIBUTION.

his country's flag.

Every Irishman Worth One Thousand Dollars.

Chicago, Aug. 16.—In his address at Sunnyside park on Wednesday, at the celebration of the 302d anniversary of the victory of Yellow Pass and the 303d anniversary of Hugh O'Neill's victory over the English at the Yellow Ford, Michael Davitt said: 'I was in this city fifteen years ago today. Within that time 500,000 young men and women have crossed from Ireland to these United States to remain. Allowing half of these to have been men, the loss to Ireland and the gain to the Republic would be 250,000 of the youngest and brawniest of our manhood, eight times the number of men of another race who, for the last two years, have for a time beaten one of the greatest empires in the world in the field, and who are still unconquered, and, I believe, unconquerable, by the same power which has been mainly instrumental in forcing our people from their own to other countries. The notion obtains in many minds in America that nothing would played by these stocks at any time have been or could have been done at home during the last twenty years were it not for the unstinted monetary support that has flowed across the Atlantic. That is a ridiculous delusion. I venture to say that our people at home, poor as they are, have subscribed five dollars for every one given by our friends and kindred here. It is not America that has been pouring its treasures out to Ireland, but the other way about. Forty thousand of our young people come here from the old land every year to add to the wealthproducing power of the States, Economically valued, these emigrants are worth one thousand dollars each to the industrial assets of Uncle Sam."

ANARCHY ON THE ISTHMUS.

Raids Day and Night Along the Railroad.

Colon, Colombia, Aug. 17.—Reports are received of almost daily and nightly raids along the Panama railroad, owing to the utter lack of military protection. The Chinese are selected as victims of the raiders and as a consequence they are transferring provisions and merchandise to Panama, thus intensifying want and suffering all along the line, Armed guards of about fifty still accompany each passenger train. The presence of the French cruiser Suchet tends to allay uneasiness, and the arrival of the United States gunboat Machias is anxiously awaited. The government is concentrating troops from the more remote provinces. Telegraphic communication with coast points is interrupted, and nothing is known here regarding the situation at Cartagena the banks of \$717.118. and Barranquilla. Gen. Alban has not sents only the result of the interior yet returned to Colon, but he is ex- movement, as the banks have lost pected at any moment with reinforcements. Troops continue to patrol both ends of the isthmus at night.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the fired market was very dull in the closing itan found him and secreted him until stomach perfect rest. A LARGER RETAIL TRADE.

Crop Conditions In Territory Once Effected by Drouth Improving. Steel Strike Effected Prices.

New York, Aug. 17.-R. G. Dun & Co. s Weekly Review of Trade, issued today, sam in part:

The distribution of merchandise has proceeded this week on a steady and satisfactory scale throughout the east, and in the west and southwest the rener from the long drouth and heat is beginning to be reflected in a larger retail trade, so that for the quarter promise is held out of a larger business than last year. Crop conditions in the territory most at fected by the recent drouth are imfroving, and the weather has been nighly favorable in neraly all districts east or the Missouri river, inough rains have interrupted the sping wheat harvest.

The steel strike has affected prices extensively, particularly on sales for immediate derivery. In tin plates the advance has been the greatest, while hoops, sheet, skelp and billets are sold at premiums. Quotations are too erratic for accurate record and in many cases sales are at private terms. Confidence is steadily shown by placing di distant deliveries at regular prices. Consumption has undoubtedly been further curtailed this month, but a revival of exports tends to prevent accumulation.

as a rule, and the increased consumption of raw material tends to harden the tone of the wool market, although Lo quotable change is possible.

Official figures of conditions were far more hopeless than even the most pessimistic anticipations, indicating only about 2,000,000,000 bushels heat and corn together. Inflated prices brought out receipts for the week of 2,359,705 bushels, against 2,-32,193 last year, and reduced Atlantic exports to 631,506 bushels, compared with 2,362,335 a year ago and 4,034, 302 in 1899. Wheat also advanced sparply, but there is sound argument for strength in Atlantic exports durmg the last two weeks of 13,579,034 cushels, against 4,378,901 in 1900 and 1,866,646 two years ago.

Failures for the week numbered 168 in the United States, against 161 last year, and 19 in Canada, against 24

A SETBACK IN PRICES.

It Occurred on the Stock Exchange on Friday. New York, Aug. 17.—The setback in

prices which occurred Friday, while inflienced in a measure by the less favorable aspect to the strike situation, was primarily due to profit taking sales on the week's rise. provements have been made in prices from day to day and the resultant sharp gains showed some striking profits on the long account up to Thursday night. Bear selling had not been effective in checking the improvement and it required only the announcement that the Joliet stell workers had reconsidered their decision not to go out as a pretext to sell the market. Naturally enough the western and Pacific stocks, which had made the largest gains recently, had to take the brunt of the selling. But little rallying power was disduring the day, temporary gains being immediately cancelled by renewed sales for both accounts. Their losses at the low point average a little more than 1 per cent, St. Paul figuring for the extreme decline of 1%. While the western division was generally under pressure there was heavy buying at times of the bituminous and anthracite coal stocks, causing an improvement in Norfolk and Western of 1%, and Wheeling and Lake Eries issues of 2@3. Southwestern Rail road stocks were less prominent than Leretofore, and the announcement of the acquisition by the Wabash of the Omaha and St. Louis railroad failed te strengthen the Wabash issues. There was heavy purchases of Amalgamated Copper late in the day and the stock rose 21% on reports that a combination in which the company figured had secured control of the copter production of the country. top figure was not maintained, the price running off a point near the close. Sugar underwent many wide changes during the day, and after at one time selling a point above Thursday's close, ended a point lower. There was no news to account for the conspicuous strength of Peoples Gas, which improved 21/2 in face of heaviness elsewhere. that the United States Steel corporation had secured control of the Republic Iron and Steel company caused more active dealings in the latter stocks, and they ended a point each Large blocks of United higher. States Steel issues were dealt in at the opening, and it was at this period that the low price of the day was made for the common. One block of 6.500 shares came out at 43¾, but when it got down to 43½, which indicated a loss over night, the stock was supported and did not yield below that price, although it failed to recover to any extent when there was occasional rallics elsewhere. trnal prices was the lowest and the preferred closed only 1/8 above the iowest and was % down on the day. The preliminary figures of the weekly bank statement indicated a gain by This reprepretty steadily to the sub-treasury throughout, despite the heavy government expenditures of the week. sharp decline occurred in the sterling exchange market, demand bills falling the large offerings bills. There was no demand to speak of and drawers reduced prices pretty steadily during the day,

Lawrence Fire Sufferers Get Insurance.

ALL CLAIMS ARE ADJUSTED.

Johnson Brothers Issued Only One Policy on the Morning

Been Placed for Some Time —Rebuilding to Commence.

A report has been current that the Johnson Bros., of North Lawrence, who were the heaviest losers in the recent fire there, would be unable to collect their insurance, as the policies were only issued on the morning of the day that the fire occurred. Investigation today discloses the fact that all of the policies except one had been placed on the property for some time Woolen mills have full employment and that the company's adjuster had made a satisfactory settlement with the parties interested. Harry Johnson, who owned the saloon and fixtures, had taken out a small policy on his property the day of the fire, but the company has notified him that it will be ready to adjust his claim in a few days. The Columbiana Mutual carried most of the insurance.

The other property owners have se cured satisfactory settlements with the insurance companies and arrangements are being made to rebuild the burned portion of the town. Dennis Moylan, whose home was burned stated today that some arrangements for securing a fire appratus would be made at once, either by incorporating the village, or if this is found to impracticable a subscription will be raised to purchase at least a small ap

NOT CONFINED TO AMERICA.

Trusts are Multiplying all Over Europe.

Washington, Aug. 17.—The indus-

trial commission has made public a

summary of a report on industrial combination in Europe prepared by Prof. J. W. Jenks, the commission's expert on industrial combinations. The results of the investigations covered by the report will be considered in the framing of the final report, which the commission will take to congress. The report says that everywhere in Europe, notably in Germany of the Fire, the Others Had and Austria, there is a strong tendency toward the formation of these combinations. In Germany and Austria their extent and power is by areas great as in the United States, but the plan of organization is materially different. In England within the last three years a very active movement has set in toward the concentration of industry into large single corporations in form similar to those in the Unit ed States. The movement in France is very evident, though the managers of the combinations are not inclined, in view of the several provisions of the French code, to let their movements appear in public. Much is made dependent there on mere verbal agreements. Following are the conclusions of the report:

"1. There is relatively little object tion to combinations in Europe, and in some countries the governments and people seem to believe that they Potatoes, per bushel....... 30-1 40 are needed to meet modern industrial conditions. They believe that they should be carefully supervised by the government, and, if necessary, con-

"2. There is little or no belief that their existence. They at times use the tariff to keep their prices higher than would otherwise be possible, and their export prices are often lower than their domestic prices. The tariff should be guarded so as to prevent

serious abuses, but there is practically no thought of its abolition.

"3. Railroad discriminations have been practically abolished in Europe, and in consequence they have had no

effect toward creating combinations. "4. The great degree of publicity in the organization of corporations has largely prevented the evils arising from stock watering, and has evidently had much effect in keeping prices steady and reasonable, and in keeping

wages steady and just. "5. There seems to be no inclination toward the passsage of laws which shall attempt to kill the combinations. That is believed to be impossible and unwise. Laws should attempt only to control, and that apparently chiefly through publicity, though the government may be given restrictive power in exceptional cases.

THE STEEL MACNATE'S PLANS.

Greatest Labor Union of the Age to be Formed.

has planned the greatest labor union of the age-a union of labor and labor's ally, capital. According to his plans, stock of the United States Steel Corporation, valued at several millions of dollars at par, has been set aside for the purchase at inside figures by the 165,000 men employed Won the Game with but Little by the companies that make up the great steel trust. It is contemplated to form this co-partnership between the shareholders and the employes of the United Steel Corporation. The plan was conceived before the steel strike was thought of, and then it was expected that it might be put in operation in two years. It required risen. Wednesday, at Meyer's lake, time to formulate the details of such a tremendous undertaking. For this reason announcement was withheld.

At a recent conference, however, between the executive board of the Amalgamated Association and Charles M. Schawb, the president of the tain Hiner had something like a fit United States Steel Corporation, it while the presenting was going on, came out that Schawb, under the diand from the rank and file came rection of Morgan, had formulated a mutterings that had an evil sound. | profit sharing scheme whereby it was Jesse Hinder, the boy who was so being men and fourteen women; re- But the band struck up "There'll proposed to make every employe of seriously injured at Meyer's lake last covered during the month and dis- Come a Time Some Day," and Canton the steel corporation a co-operator Wednesday spent a very had night charged, 9; discharged as improved, brightened. CHANGES IN CONSTITUTION.

Knight of Columbus Discuss Temperance Question.

Plattsburg, N. Y., Aug. 17.—The national council of the Knights of Columbus, in session at Cliff Haven, has changed the method of selection of state and national chaplains, making the office appointive instead of elective. The appointment by the board of directors of a finance committee was empowered, the committee to have charge of all investments of less than \$100,000. The convention discussed the temperance clauses in the constitution and finally amended subdivision A of section 10 to read "proprietors of breweries and distilleries and all officers thereof and all employes thereof except such as have no actual contact with the manufacture and sale thereof." This change will enable a bookkeeper, for instance, in a brewery to become an insurance member of the Knights of Columbus. Subdivision B was also amended so as not to include druggists and their employes in the prohibited classes.

FAMILY REUNION.

The fifth annual reunion of the Miller-Newsteter families was held at the home of Mr. and Mrs. M. L. Miller, one mile north of West Brook-1 1 1 0 0 0 3 1 4-11 field, on Thursday, Aug 15. An interesting programme was rendered including music and recitations by the Misses Rhoda Miller, Grace Miller, Harlin Miller, and Mary Donald. Addresses were made by H. Byal, A. F. Marie and C. A. Krider. The fol-Struck out-By Goodrich, 10; by lowing officers were elected: President, M. L.
